Acknowledgement that the material is a paid webinar ("Brought to you by") and who it has been provided by will appear within the webinar and throughout pre-promotion.

# Students & graduates

Governed by students for students, The Australian Veterinary Student Group provides member benefits that support and prepare students for practice and professional life, advocating on behalf of students, and facilitating networking opportunities and resources to support their transition to practice.

Supporting recent graduates who enter the profession in their first few years is crucial to AVA's work. As the cornerstone of our working veterinary profession, Graduate Members are encouraged to take charge as future leaders. AVA facilitates this through opportunities to volunteer with SIG Division and Committees, Advocacy and Working Groups, and Events to build their portfolio and further their skills. Graduates are provided with additional bespoke benefits, such as the AVA Graduate Mentoring Program, and are our main catalyst for sharing innovation.

**WA Division President Update**  
Dr Katie Kreutz

Dear Sophie

Unfortunately, we have had to make the extremely difficult decision to cancel the WA Conference at the Esplanade Fremantle scheduled for October. I know this will be disappointing for those of you who look forward to this event every year.

However, like the rest of the veterinary community, we are able to pivot and adapt and we will continue to offer the workshop portion of what was to be the conference this year. We believe that our point of difference in offering hands on and more intensive learning has been sought after and will be particularly well suited to the recent graduates or back to practice veterinarians looking to update in Ultrasound or Pathology diagnostics. Dear Sophie

As the weather warms up, so too do the discussions around the Report released by the Inquiry Committee into the Veterinary Workforce Shortage in NSW. The AVA has been working hard to determine alignment and prioritisation of the report's recommendations, and we are holding meetings with stakeholders, such as the DPL, to press the issues that are important to our profession. # Advertising Policies

## AVA Policy: Love is Blind

Artwork displaying certain animal breeds Support AVA in removing breeds with exaggerated features from advertising, including brachycephalic breeds. The popularity of certain breeds of dogs with exaggerated physical features has resulted in their increased use in marketing and advertising campaigns, and often in products aimed specifically at veterinarians, such as veterinary pharmaceuticals. The exaggerated features of concern include brachycephaly (flat faces), chondrodystrophy (dwarfism) and excessive skin folds. Unfortunately, the exaggerated features lead to serious health and welfare problems, which the veterinary community are faced with managing, to try to give these animals a more comfortable life. To raise awareness of this issue, the Australian Veterinary Association (AVA) and RSPCA Australia launched an awareness campaign in 2016 called 'Love is Blind'. We have already reached out to our sponsors and regular advertisers advising that we will stop using these breeds in all advertising material appearing in our publications, and ask for your assistance with this when it comes to all marketing material, including:

- Any form of advertising in print and digital AVA products
- Exhibits at AVA conferences and events
- Any other form of marketing undertaken under the AVA brand.

The AVA will be enforcing this policy at the AVA Annual Conference, and we ask that you make sure that all your team involved in the exhibition are aware of our policy and the animal welfare issues involved. The dog breeds governed by this policy are:

- Brachycephalic breeds: including Pugs, British Bulldogs, French Bulldogs, Boston Terriers, Pekinese, Shih Tzu and Cavalier King Charles Spaniels
- Chondrodystrophic (dwarf) breeds: including Dachshunds, Basset Hounds, and Welsh Corgis
- Breeds with excessive skin folds: in particular the Shar-pei breed

If you need more information please contact Melanie Latter, [melanie.latter@ava.com.au](mailto:melanie.latter@ava.com.au). You can also visit [www.loveisblind.org.au](http://www.loveisblind.org.au) to learn more.

## AVA Policy: Marketing Biosecurity

Marketing material used that includes AVA branding developed by AVA needs observe best practice biosecurity principles. The AVA recognises the important role that biosecurity plays in both protecting our members from potentially zoonotic infections and antimicrobial resistant pathogens, and in protecting our patients and clients from spread of disease. The purpose of this policy and procedure is to ensure appropriate biosecurity practices are used in AVA marketing material to promote effective biosecurity practices across the profession.

The AVA will not accept artwork (still or video) that displays images of animals licking people's faces, veterinary staff examining animals or performing procedures on animals without wearing appropriate personal protective equipment. Artwork will be submitted for review and approval a minimum of 2 weeks prior to print deadline or exhibition stand build deadline. The artwork will be reviewed by a veterinary staff member. Please refer to the AVA Website for the full policy and procedure statement.

## Terms & Conditions

Any new advertising material has to be approved by the AVA before publication. Positioning may vary on mobile and tablet devices. The Australian Veterinary Association reserves the right to reject any advertisement or copy. The word 'advertisement' will be placed above or below copy that the Association believes warrants such treatment. It is the responsibility of the advertiser to supply the correct files. Artwork must be supplied by the material deadline. Booked material which fails to arrive by the deadline date will be billed at full cost, and where possible the AVA will select a replacement advertisement from previously used material. If no such material exists, other material will be selected. It is the responsibility of the advertiser or agency to ensure the finished artwork is available by the deadline. A client may cancel all or part of a digital or print booking without penalty if written notice is given to the AVA at least 8 weeks' prior to the campaign start date

# Advertising Policies

## Indemnity

It is the responsibility of the advertiser to ensure that advertisements comply with:

- The Competition and Consumer Act 2010, as amended.
- Any other applicable Commonwealth and State laws.
- Advertising industry voluntary codes of practice including the Australian Association of National Advertisers (AANA) Code of Ethics.
- Advertisers must ensure that advertisements do not conflict with AVA policy.

In accordance with section 84 of the Australian Pesticides and Veterinary Medicines Authority, (APVMA) Agricultural and Veterinary Chemicals Code Regulations (Agvet Codes), persons must not make any claim, or permit any claim to be made in respect of a registered chemical product that is not consistent with the approved label for that product.

It is an offence for advertisers to:

- Advertise an unregistered chemical product unless an application for registration has been lodged with the APVMA and it is stated in the advertisement that the product is not registered and an application has been lodged.
- Make a claim about a product that is inconsistent with an instruction on the approved label for the product.
- Publish information about a product that is false or misleading.

We encourage all advertisers to list the ingredients of the product named in the advertisement.

## Sales conditions

Interest may be charged at the rate of 1.5% per month, calculated daily, on any amount that remains unpaid after 60 days from the date of invoice.
